THE RIGHTS OF THE PEOPLE.

Editor Gazette. — At a Mass Meeting of the citizens held in Waukesha, some two weeks ago, the following was nominated for Town Trustees: — **McFerren, France, S. A. White, A. Green, and W. A. Barker.** A great crowd was made about this being the **Citizens' Ticket.** But what do we find? The men who managed this meeting now think some of their candidates not strong enough to be elected. Therefore, without consulting the citizens (of whom they take so much), they propose to throw off some of the above names and substitute others.

One of their ideas is to discard **McFerren** and substitute **McGraw**; but some of these managers can't even **that** won't make them strong enough; so they wish to make a new ticket, as follows: — **McAister, McFerren, Barker, S. A. White, A. Green, and W. A. Barker.**

Three of these men are taken from the Temperance Ticket, and I do not believe they would accept a nomination from these managers.

But we now see that certain men, who talk about the rights of the people, and say that "a mass meeting of citizens" did so and so, in reality care little or nothing for either the people or their rights unless said people go just exactly as they choose to lead them. We do not know how **McFerren** and others got on the ticket, nor do we know how these would-be managers of the people, but I believe that if the Temperance men vote their ticket straight, they will elect every man on it.

A CITIZEN.

The grass is becoming greener.

We are glad to be able to report that negotiations now pending will probably result in the immediate completion of the Public School House.

Dr. Garrett declines any and a nomination. He has asked the "sweats" office, and has no more taxing after them.

Witten & Crinn will have their new Photo-rooms ready for the public to-day. Their advertisement will be found in another column. We and patronize them.

Mr. D. Brittenstone has lately made considerable improvements in his Carriage Factory, on Cucharsa Street, and is doing a large business in the manufacturing of Wagons and Carriages.

With the opening of the College, it is probable that considerable accommodation will be needed for students. Any of our citizens who will be prepared to furnish board and lodging, after May 1st, are requested to report at once to Major **McAister** the number they can accommodate and their outlays for board and lodging per week.

There are one or two candidates on the "People's Ticket," who are to be heartily disliked. They would like to come out openly and declare themselves in favor of strict prohibition, or their Whiskey supporters won't let them have isn't what they nominated them for. And so the poor candidates are between two stools. The fate of such people is proverbial.

A gentleman is running on the "People's Ticket" in order to vindicate his character as a real Temperance man. He seems to think that if he can get into office the votes of the Whiskey men, his unshaken adherence to Temperance principles will be beyond a question. He will be just as sensible of his position as a voter in order to demonstrate that he is a white man. He has a very weakened the conscience of many who, a little while ago, had faith in his Temperance principles.

EL PASO COUNTY TEACHERS' INSTITUTE.

This Institute was formally organized on Friday, March 27th, by the adoption of a Constitution and the election of officers for the ensuing year. Under the Constitution the following were elected: — **Superintendent** Wellington, **President**; **Miss A. Adams**, **Rogers**, and **Miss Franklin**, **Vice Presidents**; **Miss Ayers**, **Secretary**; **Miss L. B. Wilson**, **Treasurer**; **Miss A. E. Allen**, **Auditor**; **Superintendent** Wellington, **Mr. Adams**, and **Miss Ayers**, **Executive Committee**.

All teachers and friends of education are eligible to membership. Institutes are to be held every six months.

Essays were presented upon a lot of subjects as assigned by the Superintendent, several of which will be considered and discussed by the Committee on next Boot's meeting.

Prof. **Reed**, principle of the Denit Institute, attended by several of his pupils, entertained the teachers and citizens, by presenting a fine variety of recitations and exercises, showing what talents, patience, and labor can do for us.

The following Resolutions were adopted:

With us we are confident that man, as in competitive public school examinations, holds in certain parts of the County during the year, will bear interest and act efficiency in the working of our public school system; therefore, be it

Resolved, That we unanimously request our Board of County Commissioners to authorize Superintendent Wellington to hold these examinations as a part of his official work. It was also

Resolved, That the secretary furnishes a copy of our County papers, a copy of the proceedings of this meeting to publication.

W. E. ROGERS, Secretary, pro tem.

The **Colorado Courier** Journal strikes some by the women that they can do the temperance cause infinite good, by treating the man who gets drunk, and also men treat the woman who gets drunk, — have nothing to do with him, but make him more of a good society. We make a life more sinuous of this kind would be a real way. It is in the power of the women to do much to reform the young men of the country.
